

THE ALL-NEW 2022

QUDS RISE

EV ELECTRA LTD

DON'T DREAM IT, DRIVE IT

QUDS RISE 2022.

QUDS Rise is the first electric vehicle from EV Electra company produced in Lebanon. The name "Rise" came out after the devastating Beirut port explosion as a message from Quds that Beirut will rise again.

EV Electra will raise the bar with this vehicle that has a statement of sport looks, high performance, and competitive prices including all the safety features that guarantees total satisfaction.

DRIVE WITH CONFIDENCE.

APPEARANCE.

Unique, appealing and sporty design, crafted with passion.

PERFORMANCE.

Outstanding choice for sports cars enthusiasts; power, handling and range.

VALUE.

Sports vehicle designed with passion giving a complex image of high value with a very reasonable price.

Ultra-bright LED head-lights that increase visibility for the driver.

Ultra-bright standard LED tail-lights with all-in-all functionality.

Butterfly doors gives the Rise a sporty looks.

The dome represents the identity of our QUDS production line and operates as an air intake to support the cooling system.

SAPPHIRE-TRANCE

COLOR SELECTION.

EV Electra offers a selection of different basic colors for your Rise. Customization is subject to approval and additional charges.

19" Lightweight Aluminum
(Black)

18" Forged Aluminum
(Metallic Grey)

18" Aluminum engraved
(Silver and Grey)

18" Aluminum
(Silver)

CLEARANCE.

150 mm clearance from the lowermost part of the vehicle resulting in a great handling performance. It is designed suitable to handle most street obstacles.

BOLDNESS.

The Rise aggressive lines and curves are designed in a way to accent a unique appeal and a bold prestigious look, reflecting the company's orientation.

Sporty yet comfortable bucket seats.

Spacious and well naturally lit cabin with minimum blind spots.

Our curved bottom steering wheel serves the purpose of having a sports grip to enhance vehicle control with additional control buttons.

15.9" touch screen with full control over the vehicle.

45 [kWh]

MAX MOTOR POWER

120 [kWh]

MAX HORSE POWER

180 [HP]

**ACCELERATION
(0-60 KM)**

3.6 [sec]

MAX SPEED

180 [KM/h]

***RANGE.***

Rise travels up to 400 KM on a full charge.

Range may vary depending on the selected driving mode, weather conditions, and other circumstances.

CHARGING.

Equipped with a built-in charger and a universal plug which makes it compatible to all charging stations.

20-30 minutes to fast charge your battery from 20% to 80%.

AERODYNAMICS.

Designed to reduce drag and wind effect increasing battery efficiency and preventing lifting forces.

Using angled lips and air passages play a great role in eliminating instability at high speeds.

AUTO HOLD SYSTEM.

A component of the electronic brake system which, once activated, will automatically hold the brake pressure applied and released once the throttle pedal has been nudged.

CRUISE CONTROL.

Electronic system that provides automatic speed control to enable the vehicle to maintain constant selected speed.

PARKING SENSORS.

Functions as a detector of obstacles in the front or rear. The system automatically activates while parking your vehicle.

CAMERA SYSTEM.

360 degrees camera technology provides real-time view of the area surrounding your car. This security feature is accessible from the Electra application installed on your smart phone.

DAYTIME RUNNING LIGHTS.

DRL is a lighting system that keeps the lights on upon ignition.

The purpose is to increase the visibility of your car.

BLIND SPOT DETECTION.

Sensors mounted on the side mirrors to cover blind spots in the area alongside the vehicle. This feature is responsible for reducing risks of accidents during lane changes.

**DRIVE THE FUTURE WITH
EXCELLENCE...**

PERFORMANCE

DETAILED SPECS

GENERAL SPECS		
Range Per Charge (km)	250-400	
Vehicle Grade	Coupe	
Drive Power Type	Pure Electric	
Body Structure	Fiber glass body panels bolted on superlight alloy chassis	
Gearbox Type	single grade deceleration	
Thermo Management	intelligent battery temperature management system	
Energy Regenerative System	energy regenerative ≥30%	
Fast Charge	10-20 minutes	
Slow Charge [h]	≤ 8 hours	
Acceleration 0- 60 km/h[s]	3.6 seconds	
Top Speed [km/h]	180	
Overall Warranty	5 years or 100,000km whichever comes first with possibility of 2 years extension.	
OVERALL SIZE		
L×W×H [mm]	4610x1830x1330	
Wheelbase [mm]	2415	
Passenger	2	
Curb weight [kg]	1,200	
Luggage Space [L]	130
